

US 1 - Create User from PIM module.

Any user can be created from the admin login and the data like username and password need to be created by admin. User can logged in from the same username and password.

Flow - > PIM->Employee list->Add

Complete employee details need to be added like below -

Employee Full Name

Employee ID

Admin can create login details or not as per the toggle.

Once enabled then create username and password from admin and user can logged in by the same username and password.

First name and Last name are mandatory and if not filled then a Required message should appear.

Username is same then msg like "Username already exists" need to be shown

Password requirement - "password must contain a lower-case letter, an upper-case letter, a digit and a special character" Else error message need to be shown as per design document.

Once all data is saved then same we can SAVE and if want to discard can be done by cancel button.

Ref below design document -

The screenshot shows the 'Add Employee' form in the OrangeHRM application. The form is titled 'Add Employee' and includes the following fields and elements:

- Employee Full Name***: Three input fields for First Name, Middle Name, and Last Name.
- Employee Id**: A single input field containing the value '0261'.
- Create Login Details**: A toggle switch that is currently turned on.
- Username***: An input field containing the value 'Admin', which is highlighted in yellow with a red border and an error message 'Username already exists'.
- Status**: Two radio buttons, 'Enabled' (selected) and 'Disabled'.
- Password***: An input field containing masked characters (dots), highlighted in yellow with a red border and a 'Weak' indicator. Below the field is a message: 'Your password must contain a lower-case letter, an upper-case letter, a digit and a special character. Try a different password'.
- Confirm Password***: An empty input field.
- Footer**: A note stating '* Required' and two buttons, 'Cancel' and 'Save'.

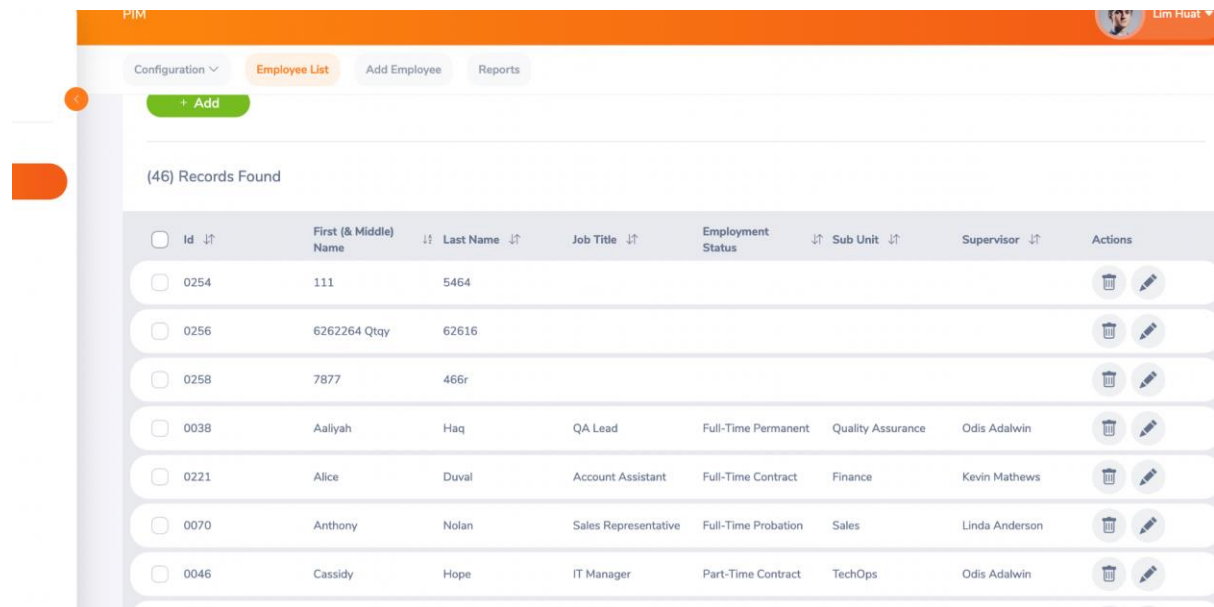

US 2 - Implement edit and delete

Update and delete action need to performed from Actions column from Employee list.

On edit - admin can update any data from employee list section under PIM.

Updated data needs to be shown as per the updated record for each user.

Design document would be ref below -

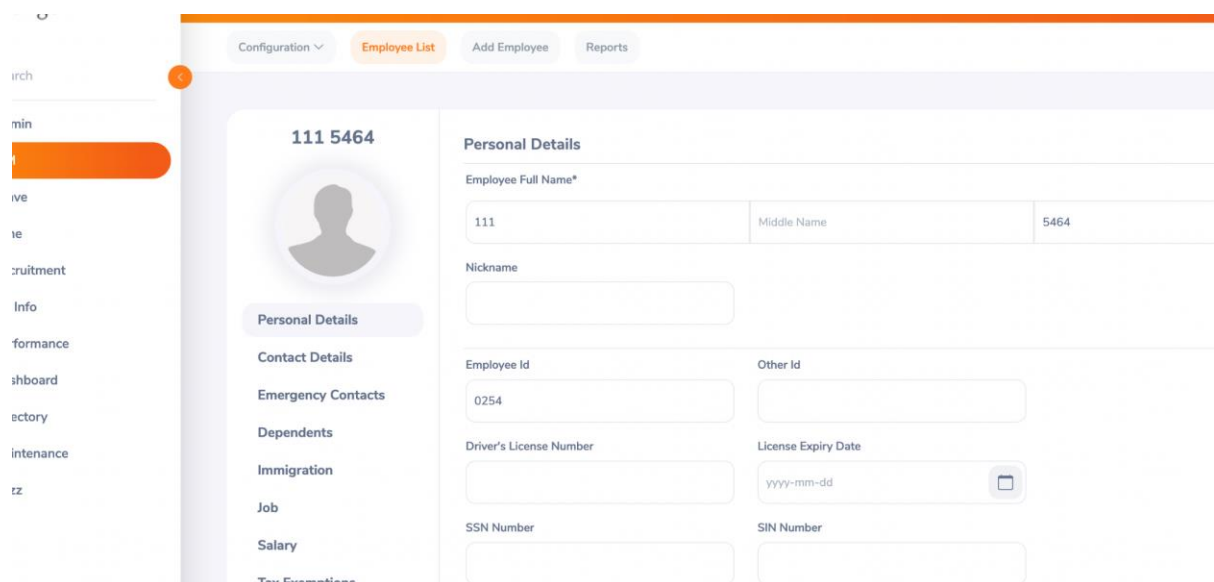

The screenshot shows the 'Employee List' section of a PIM system. It features a table with 9 columns: Id, First (& Middle) Name, Last Name, Job Title, Employment Status, Sub Unit, Supervisor, and Actions. There are 8 rows of employee data. Each row has a checkbox on the left and two icons (trash and edit) in the Actions column.

<input type="checkbox"/>	Id	First (& Middle) Name	Last Name	Job Title	Employment Status	Sub Unit	Supervisor	Actions
<input type="checkbox"/>	0254	111	5464					
<input type="checkbox"/>	0256	6262264	Qtqy	62616				
<input type="checkbox"/>	0258	7877	466r					
<input type="checkbox"/>	0038	Aaliyah	Haq	QA Lead	Full-Time Permanent	Quality Assurance	Odis Adalwin	
<input type="checkbox"/>	0221	Alice	Duval	Account Assistant	Full-Time Contract	Finance	Kevin Mathews	
<input type="checkbox"/>	0070	Anthony	Nolan	Sales Representative	Full-Time Probation	Sales	Linda Anderson	
<input type="checkbox"/>	0046	Cassidy	Hope	IT Manager	Part-Time Contract	TechOps	Odis Adalwin	

On edit click the design would be -

Users need to be redirected to the personal details from edit option. We need to implement till personal details as of now.

The screenshot shows the 'Personal Details' form for employee 111 5464. The form is divided into two main sections: 'Personal Details' and 'Contact Details'. The 'Personal Details' section includes fields for Employee Full Name (split into First, Middle, and Last), Nickname, Employee Id, Other Id, Driver's License Number, License Expiry Date, SSN Number, and SIN Number. The 'Contact Details' section includes fields for Emergency Contacts, Dependents, Immigration, Job, Salary, and Tax Exemptions.

Personal Details		
Employee Full Name*		
111	Middle Name	5464
Nickname		
Employee Id		Other Id
0254		
Driver's License Number	License Expiry Date	
	yyyy-mm-dd	
SSN Number	SIN Number	

On delete the design would be ref below -

Confirmation Pop up needs to appear once the admin wants to delete any user with 2 buttons on it like Yes and NO.

On click on yes,users need to be deleted and click on no,nothing happened.
